NAME (FIRST LAST) AND EMAIL	CONTRIBUTION RATING (1-4)	COMMENTS
Darryl Sim	4	Tried his best to figure out what was going on and how to adjust some of the code to what we needed even though he was struggling with the material 10/10 would work together again
Eileen Chua	4	Helped keep us organized and on task during our meetings, and tried her best to figure out what was going on even though she was struggling with the material so yay :D 10/10 would work together again
Julene Ngew	4	Am I supposed to give myself comments I just wish I wasted less time messing with so many variables because it was just too much, and I think I could've helped bring more depth.
